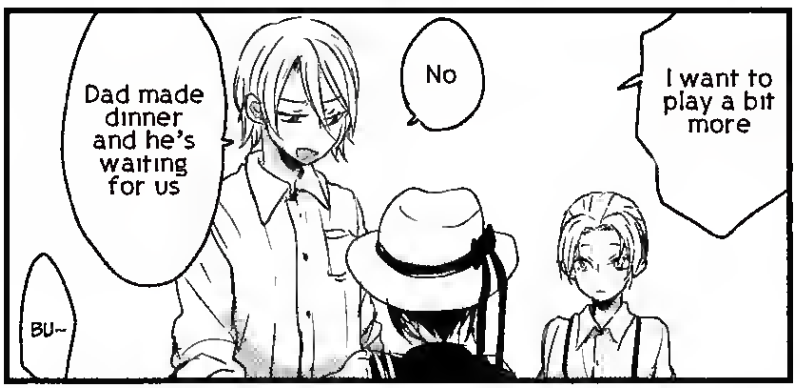
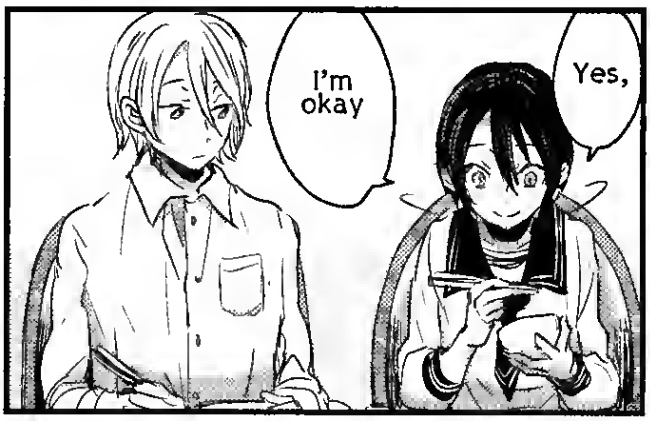
It started on a TV series that told the love story of an Alpha and an Omega
'I promise you I'l give you happiness, so be my partner'
Since it's [destiny], I'll let you bite me
A long time ago, back when I still couldn't tel whether I was an Alpha or an Omega
Among the beta, there was a very popular game called 'commit to the other'
This rude form of marking possesion was disclosed to the public and became a social problem
It hurts a bit
But this way.. I'm marked , aren't I?
I'm sorry, I bit you too hard
BITE
Ouch!
I couldn't hide the happiness I felt from being marked by the person I loved
It's great
Ougi and I are partners
Hehehe
blood
Back then, I was really happy

I never thought I'd be in heat

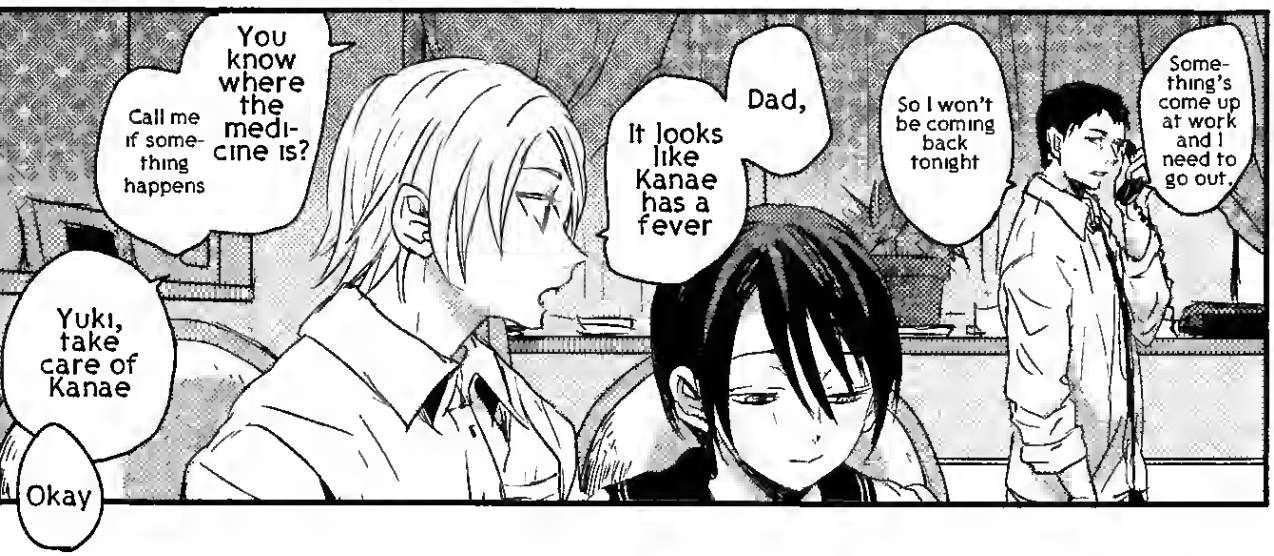


The place where he bit me stings
I guess it's normal since even blood came out
I can see that Kanae loves Ougi a lot
When we finish it, I will live with Ougi.
And so... We're building a new house
Brat
Shut up, Yuki!

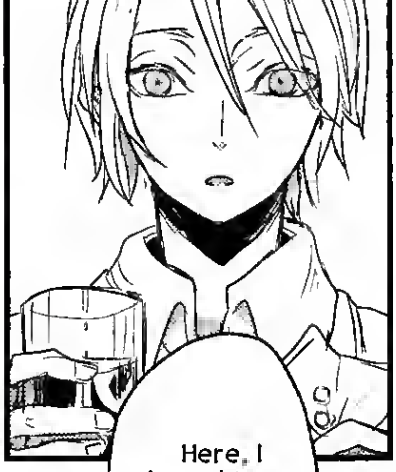


I'm okay
Yes,

Kanae ?
Are you alright?



You know where the medicine is?
Call me if something happens
Dad, It looks like Kanae has a fever
So I won't be coming back tonight
Something's come up at work and I need to go out.
Yuki, take care of Kanae
Okay



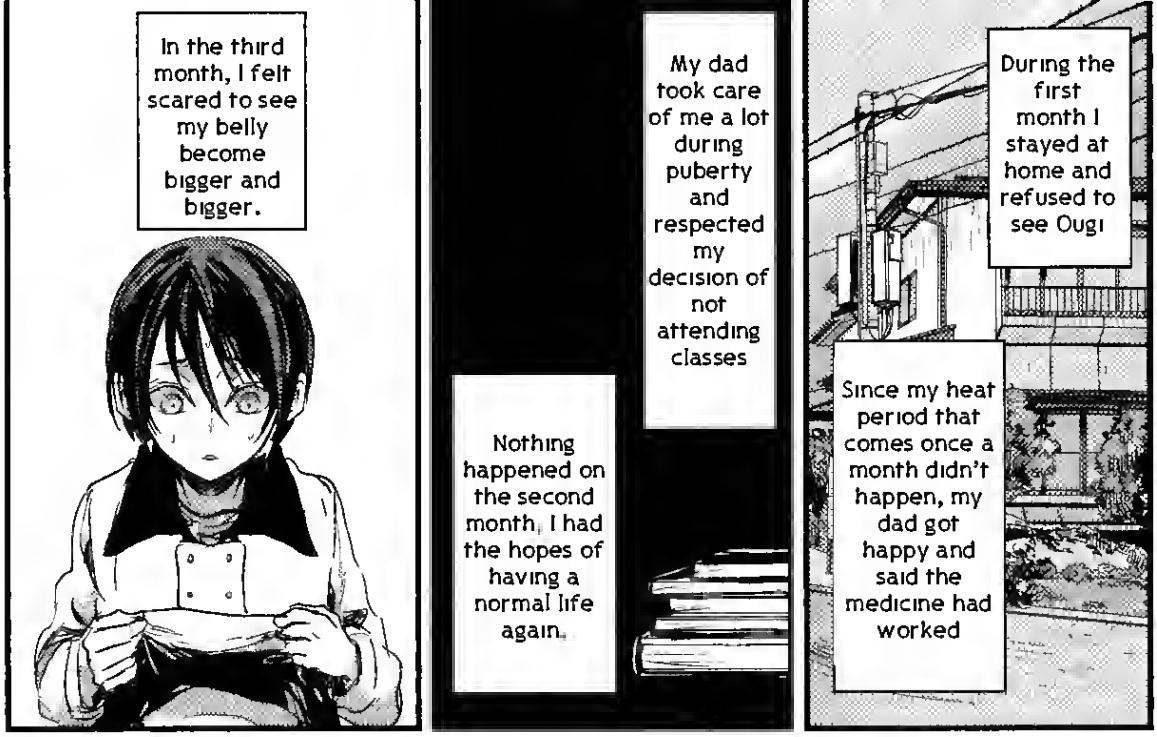
According to the doctor, this could be because of the bite, which made my heat come way too early.

I hate you!
You can't tell anyone!
Don't tell!
You can't tell dad!
I hate you!
You can already enjoy it being this young!
You were feeling good!
You even moved your hips! You're lewd!
I don't know what you're talking about!
I don't know what you're talking about!
I don't know ...

Onii-san is an Alpha and I'm an Omega

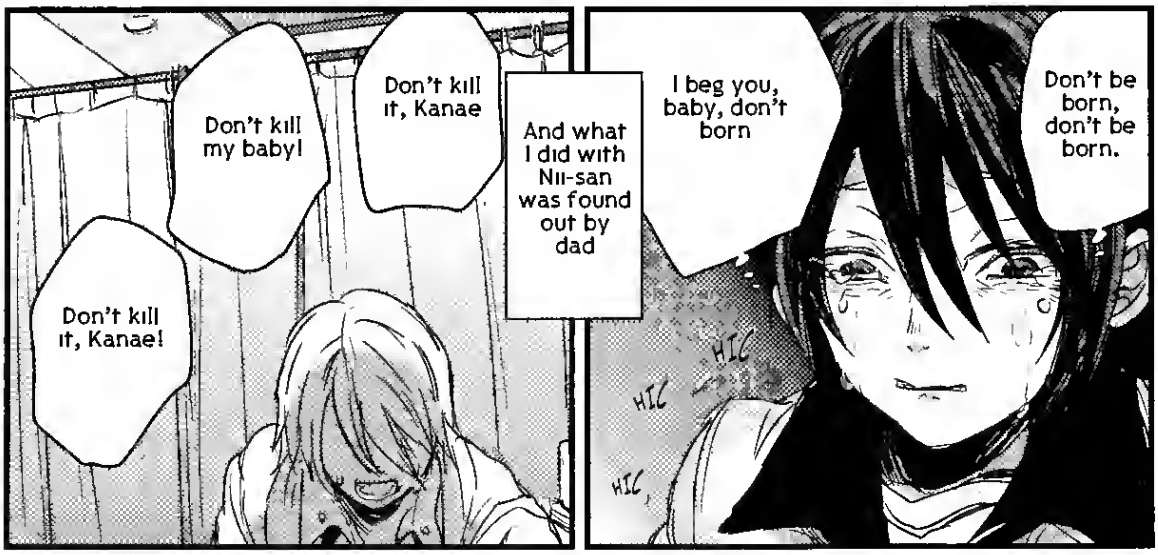
That was the first time I learned the difference

Thinking about it, I should thank Onii-san for not bitting me.

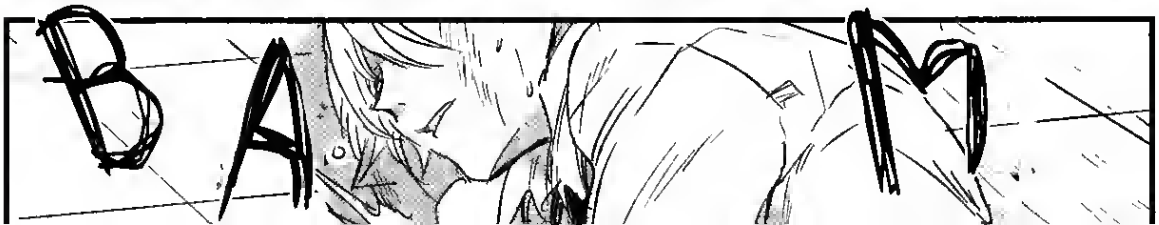


During the first month I stayed at home and refused to see Ougi
Since my heat period that comes once a month didn't happen, my dad got happy and said the medicine had worked
My dad took care of me a lot during puberty and respected my decision of not attending classes
Nothing happened on the second month, I had the hopes of having a normal life again.
In the third month, I felt scared to see my belly become bigger and bigger.

I felt very scared
What?
What is this thing?
"You're pregnant."
I only felt horror from seeing the thing that was on my belly



Don't be born, don't be born.
I beg you, baby, don't born
HIC
HIC
HIC
And what I did with Nii-san was found out by dad
Don't kill it, Kanae
Don't kill my baby!
Don't kill it, Kanae!

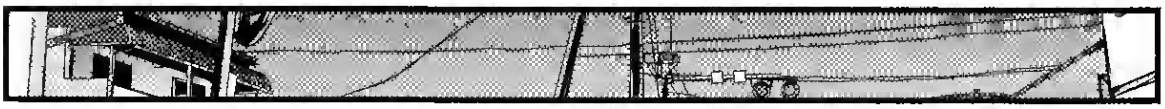


BA

I can't see you
I miss you too but I can't do it
Forgive me, Ougi
Why don't you want to see me?
Kanae
With a door separating us, I saw Ougi one last time.
"I like you", the words I said the most
I kept them in
Do you hate me?
Kanae, I don't get it
No
No
Bam
I can't
Noo
I can't see you
Kanae, I will stop liking you if you don't come out and see me!
Forget it, Ougi
Act like nothing ever happened
I beg you to forget it.
It's not like that
No
I'm begging you, Kanae. Give me a reason
Did you fall in love with someone else?
It spread through the neighborhood that I ended up pregnant.
I wonder, would it have been better if nothing ever happened?

The baby was aborted and, as if we were running away from everything, we moved.

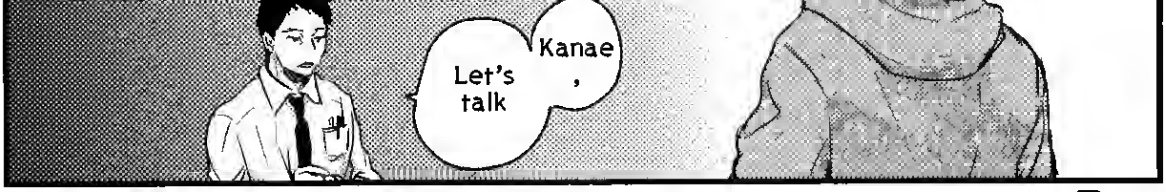
Onii-san left home after that

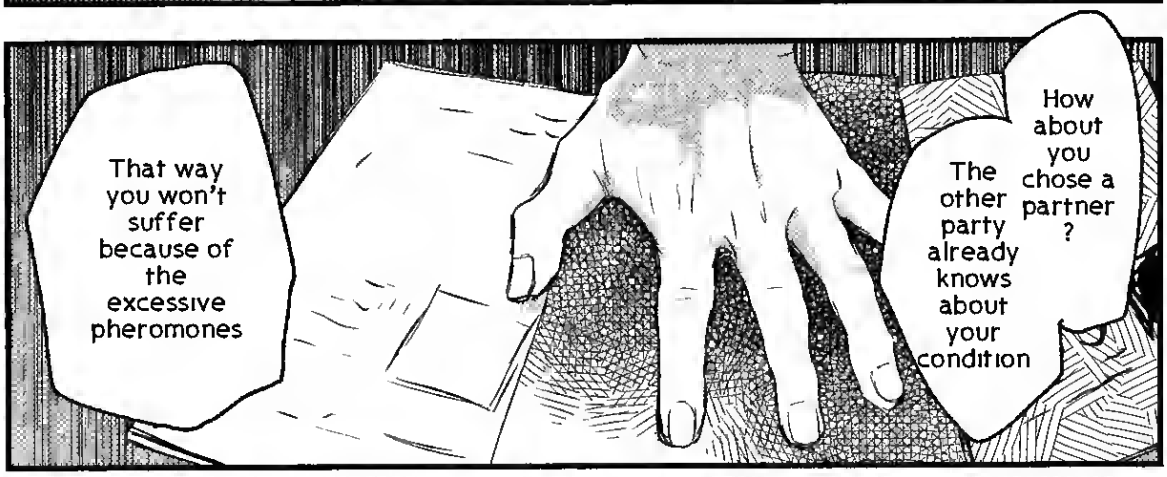


My heart was emptied just like my belly was

I want
to
have
Ougi's
child

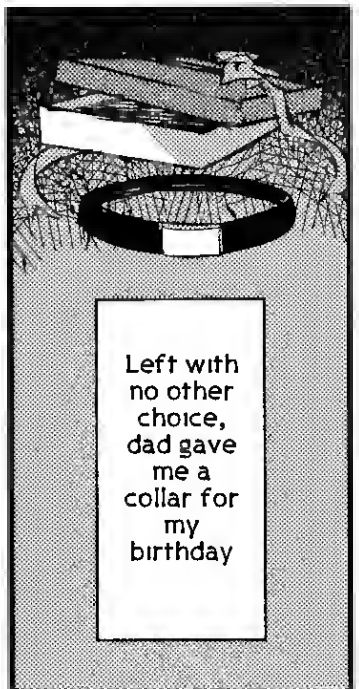
We don't perish easily
Kanae, let's go to the convinience store
Ok
Us humans are stronger than we think
Smlff
Doesn't this seem like destiny?
It seems I like you a lot
Say, Kanae
There were various times where I almost got raped
During my first heat period after the abortion, I found out I had a special condition
Because of a fight
Countless boys told me it was destiny
This condition is extremely rare in the country and there's not a cure yet
Ah
Ah
Maybe they're all right...
Also, when I get a partner, the release of pheromones will decrease to the point of losing the ability to attract said partner.
Everyone says I seduce them
I'm lewd?
The symptom is that I generate more pheromones than normal and that means I a stronger attraction from Alphas





That way you won't suffer because of the excessive pheromones
The other party already knows about your condition
How about you chose a partner ?

After we moved, Ougi's family also moved and we didn't hear from them again



Kanae
Stop thinking about Ougi
I understand what you're saying and the reality of the matter
I know how you feel,
but if you keep on going like this, you'll never reach happiness
But destiny doesn't get it
Why...
I didn't do anything wrong...
Why did they have to bring me to the worst choice?
Ougi...
I want to be your true partner
I want to go back
to those times

That look is chea-ting!
It's the same as a comand!
Kanae,
I don't know anyone cuter than you
It's impossible for me to hate you over something so small
Leave it to me if you can't decide
You're my destined person after all
We failed but we can do it again
It's okay
I'll protect you
Don't be afraid and follow me

Yuki told me that an Alpha keeps him living like an Omega
Maybe ...
Mm?
BONG
I finally found him
Kanae, I found Ougi
Yuki ...!?
If you want to, I can get you in there
Umm...this is the school where Ougi's attending at the moment
He suddenly moved because of his parents' divorce
According to my investigation, he doesn't have a partner yet
Kanae?
What will you do?
I can help with money if you want to
However, you'll need high grades

Suddenly, living started to make sense again

I predicted all the possible failures

Will Ougi remember me?

Wil my pheromones affect him?

Maybe Ougi hates Omegas

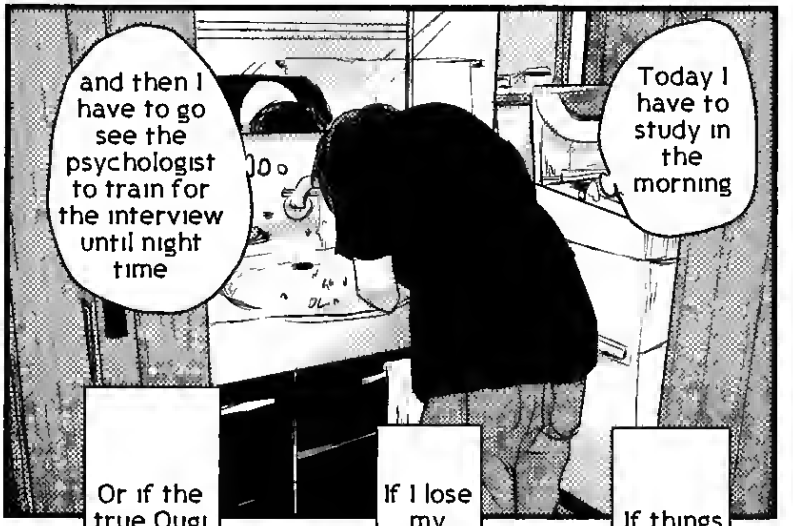
Ougi may already have someone he likes

It's possible for him to hate me if he remembers me

For Ougi to play with me

For Ougi to reject me

For Ougi to despise me

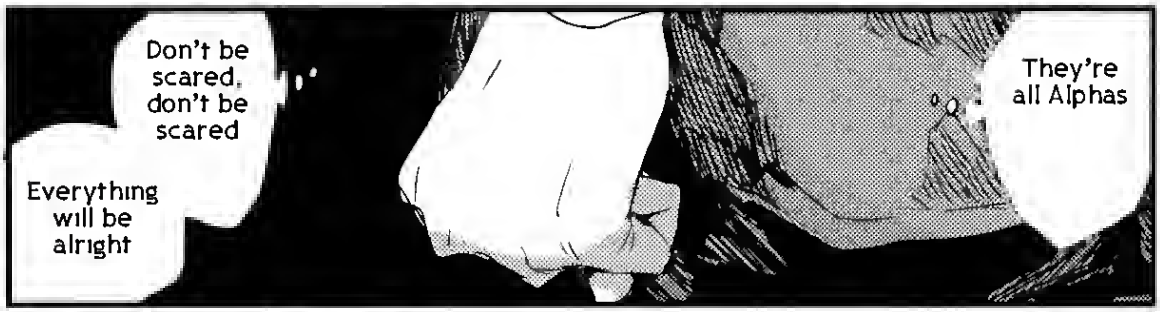


Or if the true Ougi isn't the one I like

If I lose my illusion of Ougi

If things go wrong,

I'm Miyauchi Kanae
It's nice to meet you
Ougi forgot me



They're all Alphas
Don't be scared, don't be scared
Everything will be alright

I behaved calmly, displaying my collar

I'm happy to see that he's become a handsome guy
Did he forget abut me because I told him to?
Actually, I'm relieved

I must be polite
I have confidence in my face

The fact that someone rapes you, doesn't mean someone won't take responsibility for it
However, reality was worse than I thought

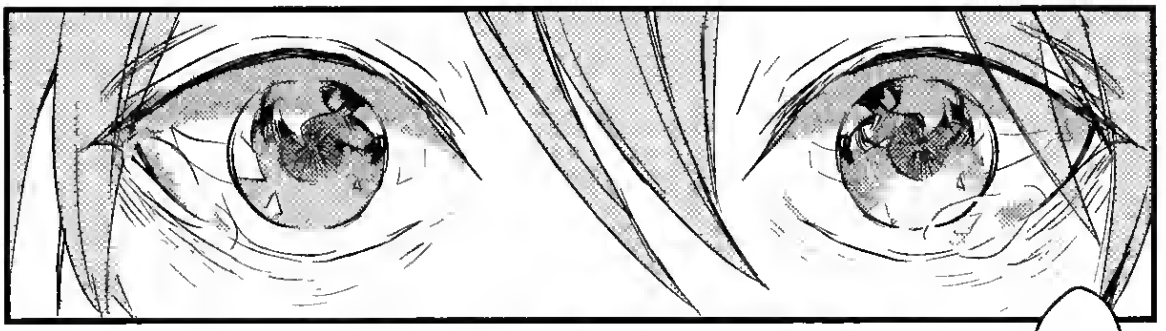
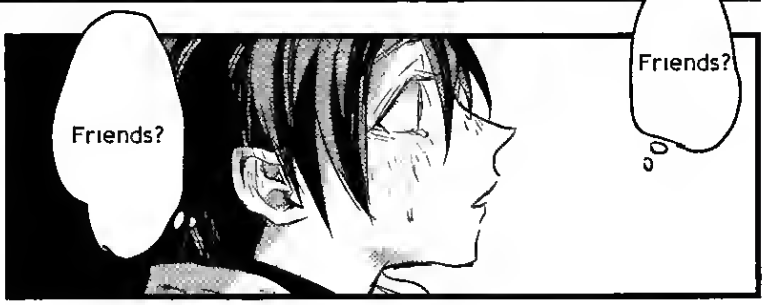
I wonder, how can you do it if your body and soul don't become one?
Seeing that look he's giving me,
...am I doing this ...?
...I
...I
Why ...?
Why ...?
Why ...
Why ...
Aaah
An
An
If you know it
Give me the answer
I'm still not sure
What should I do?
Ougi, what should I do to have you?
Ougi

Kanae

I want to be your friend





I never thought he would suggest this

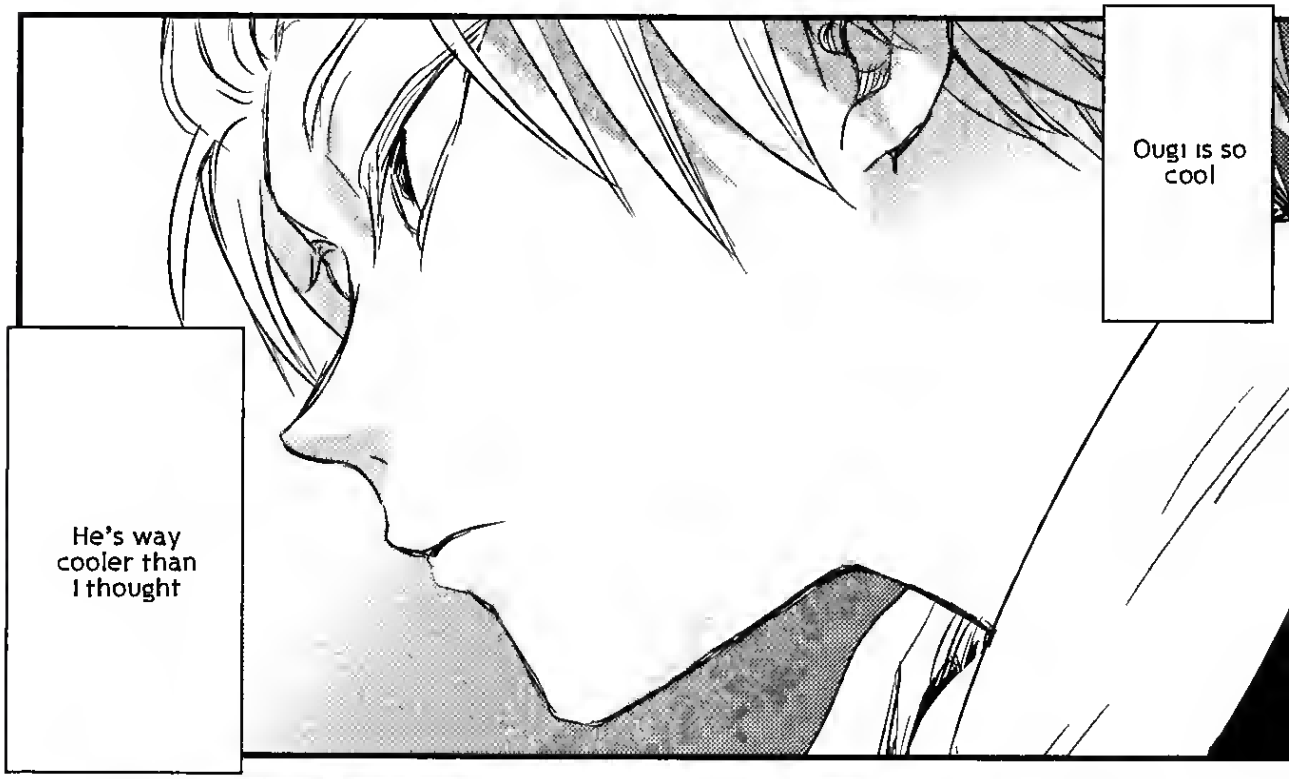
To be honest, I thought* he'd come and abuse me

However, at that moment, I felt respected as a person

I don't care if they come and tell me I'm the worst Omega

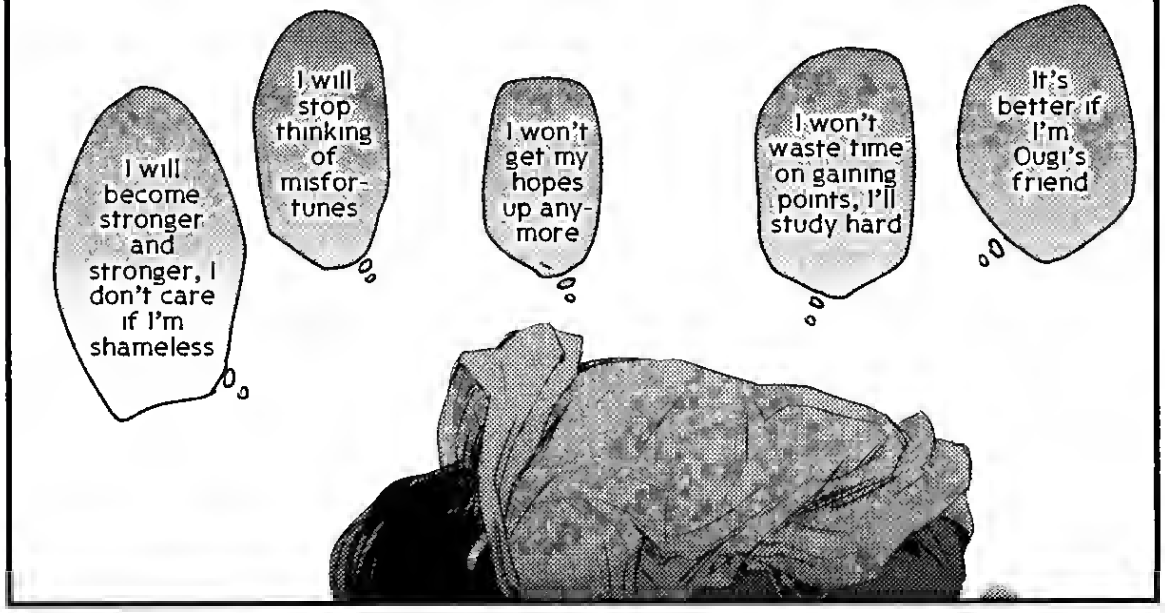
*could also be 'hoped'

I was so selfish that I thought that if I had a child with him , I could keep on living
I stained Ougi
I was so into my memories that I tried taking him as an object to satisfy my needs
I realized I never saw Ougi as a person



Ougi is so cool
He's way cooler than I thought

I want his approval
I want him to fall in love with me again
A baby can't replace Ougi
Being next to him is better

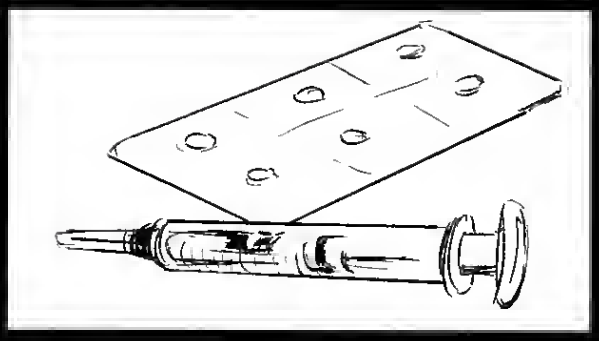


I will become stronger and stronger, I don't care if I'm shameless
I will stop thinking of misfortunes
I won't get my hopes up anymore
I won't waste time on gaining points, I'll study hard
It's better if I'm Ougi's friend

I destroyed someone,
either way

I saw that they were frustrated, but they did it for their self-interest anyway

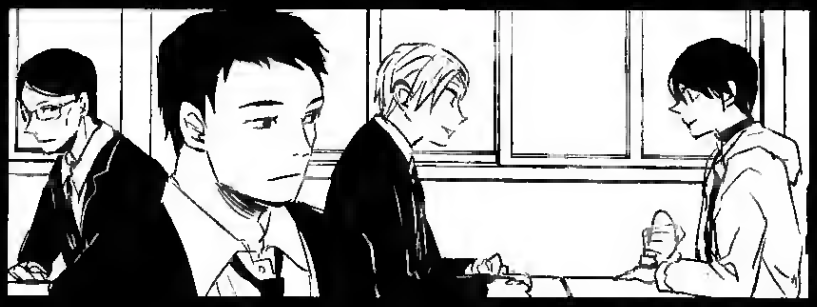
I ignored the kindness they gave me



I know some of it are lies, but they still do it by heart

To be honest I shouldn't have come to this place

I already thought about things ending up this way



All of them are nice people

All my classmates are especially good people

It won't fail?
"We can't really know if we don't make a decision right now"
Is it really okay?
"I can't really say it is"
Hey, is it really okay?
'Yes'
I was sure it was almost time...
I'm sorry
I'm sorry
It's all my fault
